## Professional Summary

Self-taught full-stack developer and founder of Soren Tech, building modern web applications, scalable monorepos, and a suite of production APIs using Next.js, React, TypeScript, Node.js, Tailwind CSS, and MongoDB. Experienced delivering real client projects end-to-end, managing deployments, and translating ideas into functional prototypes.

Founder of Earth Plus LLC, a sustainability initiative started in 2023–24 and expanded alongside Soren Tech to integrate environmental impact with software solutions. Passionate about clean UI/UX, system architecture, and building tools that help people bring ideas to life.

## Work Experience

Founder — Soren Tech / Soren APIs (January 2025 – Present)

- Building Soren Tech into a full software company starting with a suite of 14 modern APIs.
- Architecting a scalable monorepo with shared components, reusable packages, and core authentication services.
- Developing dashboards, API billing integrations, usage analytics, and early-stage internal tooling.
- Designing prototypes, documentation, and early product concepts.

Founder — Earth Plus LLC (Concept: 2023–2024 • LLC: 2024–Present)

- Started Earth Plus to combine recycled clothing, environmental impact, and tech.
- Formed the LLC and expanded infrastructure and mission.
- Integrating Earth Plus with Soren Tech's long-term eco-tech vision.

Freelance Web Developer (January 2023 – December 2024)

- Built responsive websites, dashboards, and APIs using Next.js, React, TS, MongoDB.
- Managed deployments, DNS, SEO, and performance tuning.
- Implemented SendGrid, Stripe, LemonSqueezy, Google APIs.

- Delivered UI/UX-focused solutions through client collaboration.

Client Project — Ceramic Car Coating Business Website (Jan 2024 – Dec 2024)

- Built appointment booking site with payments and automated emails.
- Connected Google Calendar API for real-time scheduling sync.
- Created marketing copy and service materials.

Protein Shake Bar Attendant — Local Gym (Jan 2021 – Dec 2022)

- Customer service, multitasking, and operational responsibilities.

## Education
